DEVELOPING AND MANAGING COASTAL AND MARITIME AREAS, FRAMEWORK CONDITIONS FOR THE BLUE GROWTH IN THE MEDITERRANEAN

WHAT PARTNERSHIP WITH THE MEDITERRANEAN REGIONS?

21 March 2013 - European Parliament

Altiero Spinelli Building - Room A1G-2

AGENDA

The development and the management of coastal and maritime areas are key framework conditions for blue growth, identified as such by the Limassol Declaration, the report on the Integrated Maritime Policy and the European Commission's Communication on blue growth.

In this context, the conference aims to express a combination of political elements advocated by the CPMR Inter-Mediterranean Commission (IMC) on these issues, in particular inspired by the findings of the MAREMED project (www.maremed.eu), which brings together 12 Mediterranean maritime Regions.
