

Baltic Master II & BMSP

– Removing threats to Baltic waters

Linus Karlsson
Deputy Project Manager

Lead Partner:

Part-financed by the European Union
(European Regional Development Fund)

Baltic Master II: 47 organisations

Baltic Master II:
Baltic Sea Strategy
Flagship project

Total Budget:
4 002 312,00 €

Project Period:
25 January 2009
to 24 January 2012

EU Baltic Sea Region Strategy

Save the sea
Increase prosperity
Connect the region

International Initiatives

Local & regional Initiatives

Baltic Master II - Improved land-based response capacity to oil spills

- Awareness rising
- Planning
- Training
- Cooperation
- Manual

BalticMasterII

Being part of a Macro-Regional Strategy – concrete benefits

Baltic Sea Strategy – 1st macro-regional strategy

- Gather initiatives towards a common goal
- Strength in terms of communication
- Extra attention to the project

Flagship Priority

Area 4:

*Recommendations
for Improved and
Harmonized waste
management on
board and in ports*

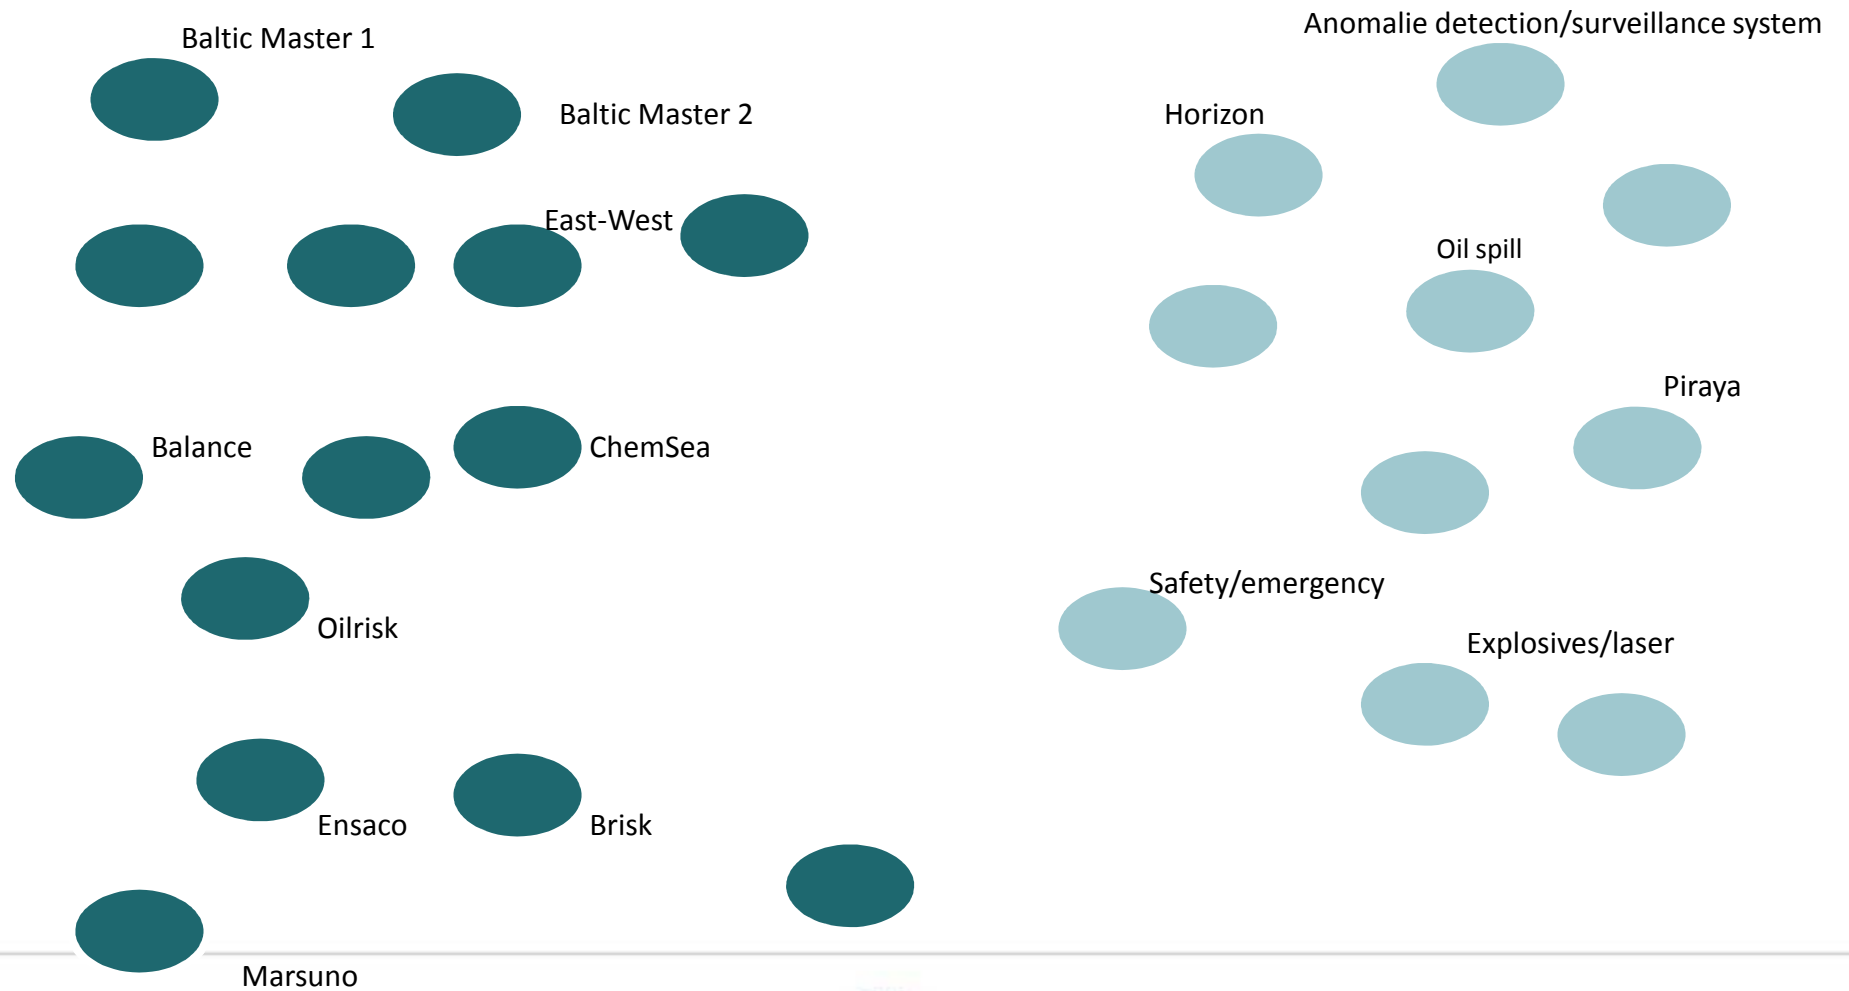

Hazardous waste		Non hazardous waste	
	Batteries		Plastic packaging such as bottles and tins
	Electronics		Newspapers such as newspapers, brochures, flyers and catalogues
	Paints and solvents		Paper packages such as milk- and juice cartons
	Compact fluorescent lamps		Corrugated cardboard
	Fluorescent tubes		Coloured glass such as jars and bottles
	Light bulbs		Uncoloured glass such as jars and bottles
	Liquid oils		Scrap metals such as cans, tins, buckets, tubes and lids
	Oil filters		Food waste such as leftovers from kitchens, cafeterias and restaurants
	Solid oil waste		Deep frying oil such as oil left over from cooking
	Aerosols		Residual waste waste not found in any of the categories above and not being bulky or hazardous waste

Baltic Maritime Science Park

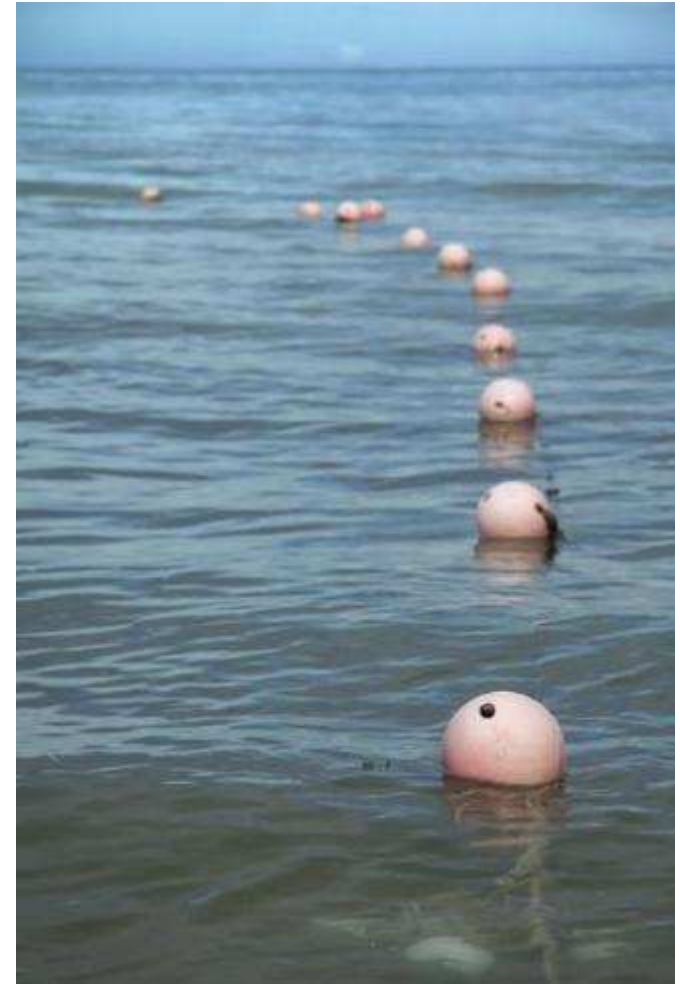

Baltic Maritime Science Park – *an arena for the development of innovations and knowledge within maritime safety, security and environment*

BMSP Corner stones

1. Venues/Meeting places
2. Networking/match-making
3. Initiate, support and guide projects

Improving Maritime Safety through Research and Innovations

1. How do we best collect and combine results from the multitude of ongoing projects on maritime safety?
2. How do we ensure the transference of project results into innovations and new partnerships?
3. Which is the next step for Maritime Safety in the Baltic Sea Region/Europe?
